MEMO FOR THE RECORD

SUBJECT: Plate Destruction Costs

In response to a request from [] Planning Staff, OL, the following information has been provided as an estimate of costs accruing to PSD for destruction of our printing plates. Costs include labor and use of a truck. Pertinent facts: [] hourly salary @ \$4.22, six hour per trip and 12 trips per year. Labor costs total \$304. The use of the truck at 25¢ per mile or \$120 per year. Total Cost \$424. In addition, a Security employee participates in this activity and the following calculations were estimated for him: GS 7 at \$4.37 per hour, three hours per trip. Total cost \$156. He drives an automobile and returns so the calculation is 40 miles at 10¢ a mile for 12 days at a total cost of \$48. Total cost for Security is rounded off at \$200. Total cost for PSD and Security (\$424 plus \$200) is \$624 per year. It is my understanding that the Government receives pay in the amount of approximately \$1800 a year for the residue aluminum.
